- Enroll in English 10 Honors Pre-AP

# *I chose IB because....*

## **Karina Rosas – Class of 2024**

"IB offers the opportunity to build a strong relationship with my teachers and peers! My teachers have been able to help me more due to these closer interactions and I have grown closer to a group of intelligent and unique individuals, I call my IB family"

# *IB has taught me...*

Joining IB has led me to not only challenge myself academically but also learn life skills that are valuable in the future. IB has especially taught me how to take in new perspectives and apply them to my own way of thinking.

Elementary School

# IBereal

# *I chose IB because....*

## **Valeria Pacheco – Class of 2024**

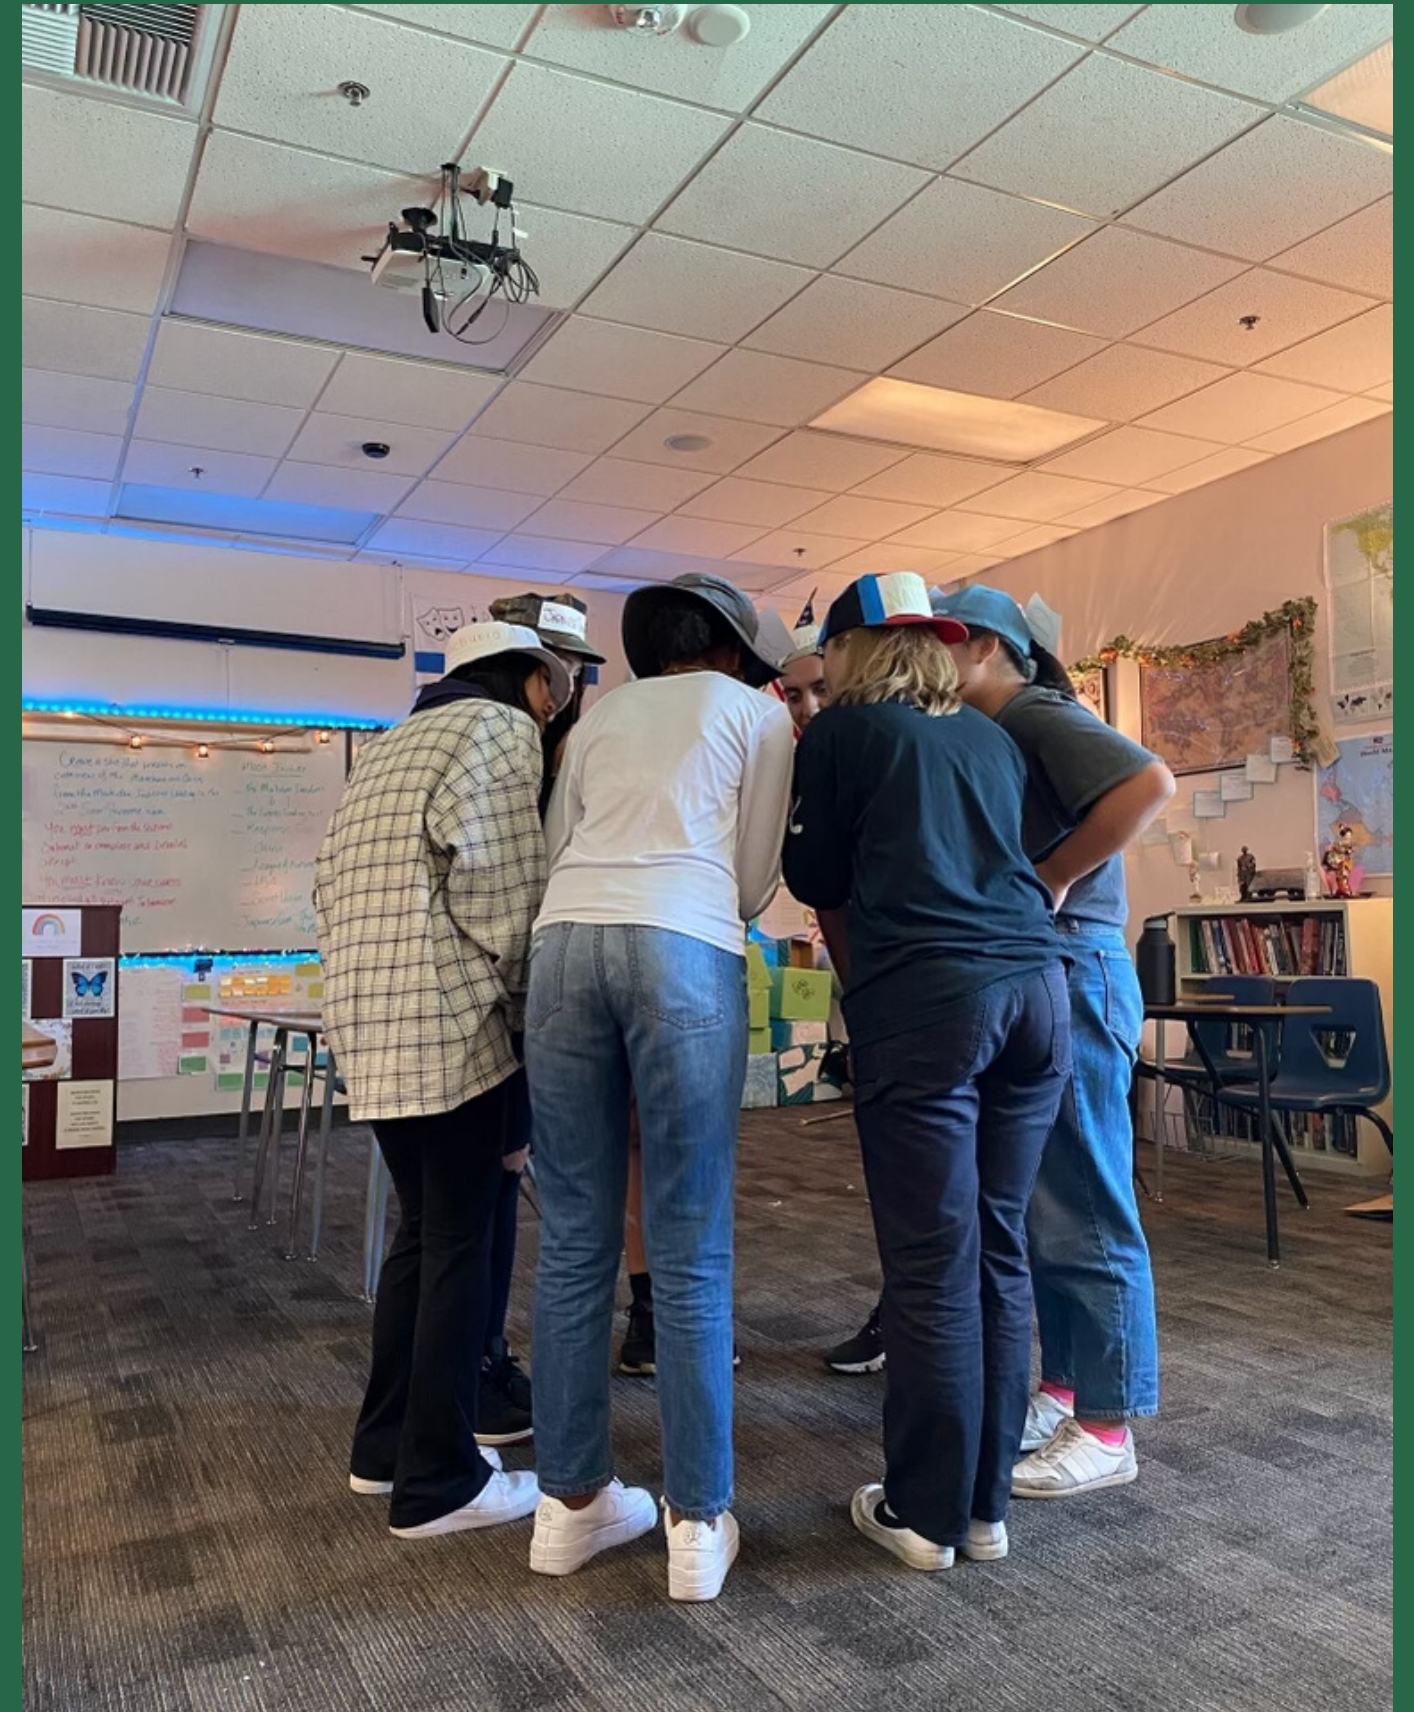

It gives you the tools to develop in different areas, and encourages you to find your areas of opportunity and improve the skills you are already good at. In IB you find really good friendships and people you can count on all the time. We are like a family!

# *IB has taught me...*

IB has taught me the importance of open-mindedness, community, time management, and self-accountability. Some of the best lessons and friendships I've created were because of IB.

Elementary School

# IBerald

*I chose IB  
because....*

**Anya Garreffa – Class of 2024**

"I liked how IB works on perfecting the skills in order to learn rather than memorizing the material. The way that the curriculum is formed allows me to feel more confident about my knowledge. It also gives me an opportunity to create bonds with others in the program."

# *IB has taught me...*

IB has taught me how to foster empathy for those not like me. It has helped me crawl out of my bubble and look at issues from multiple points of view, actively engaging in those challenging discussions that make us question what we know. A truly life-changing experience, I cannot say enough about what this program has done for me.

# *I chose IB because....*

## **Chacen Rasavong – Class of 2024**

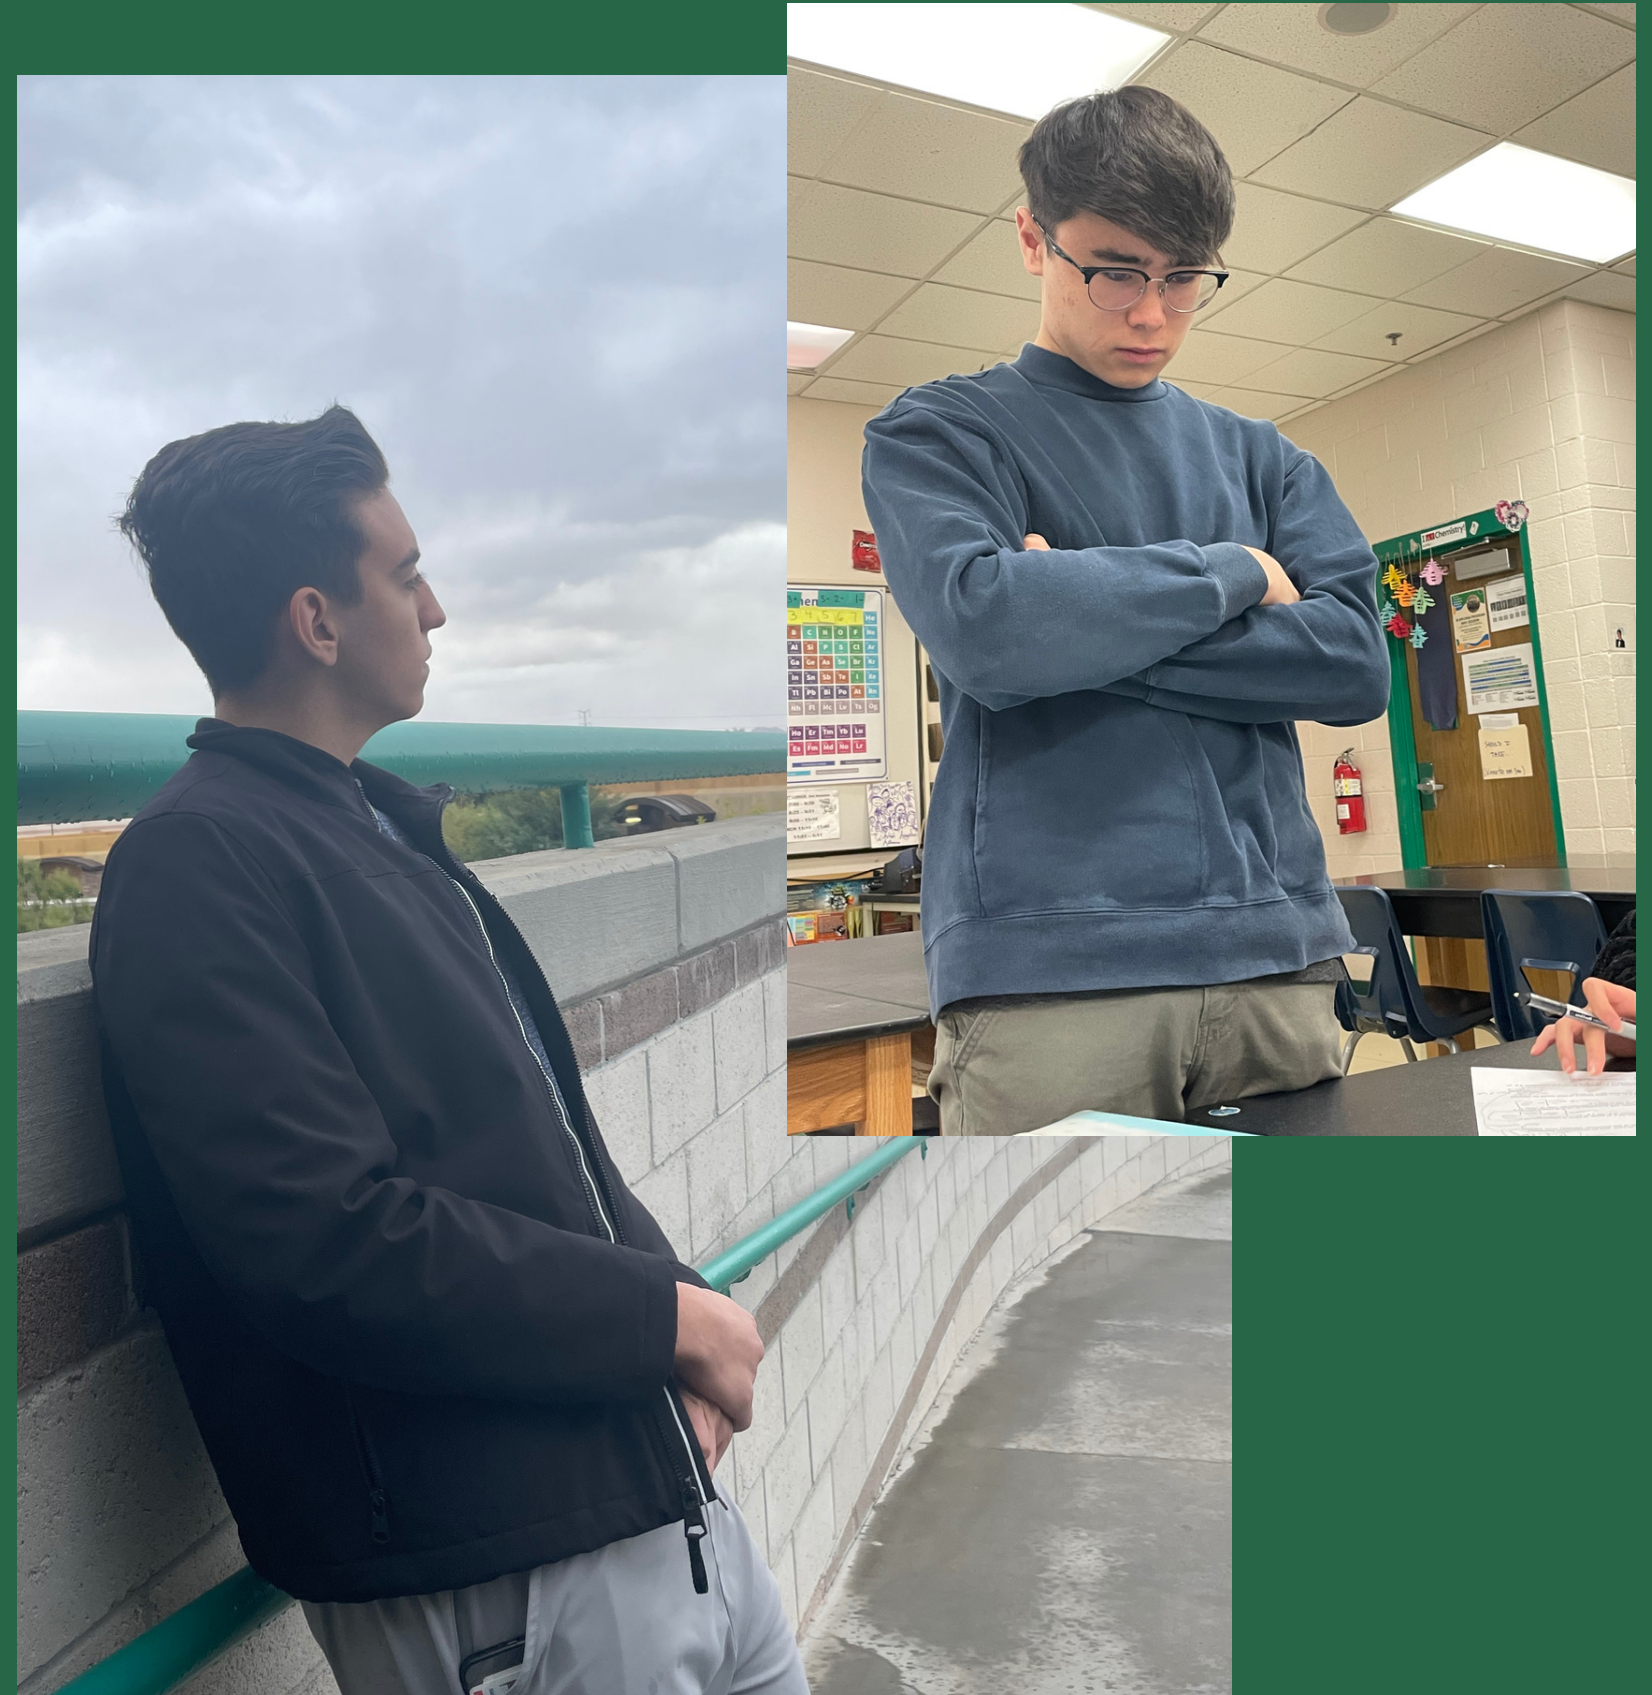

"i wanted the greatest challenge Green Valley had to offer. I also knew IB would set me up for success as IB provides the best teachers in the school to the program."

# *IB has taught me...*

To question everything from a certain extent and to think critically of the things around us and how it affects not only myself, but others. It also taught me how to do things and challenge myself but also have fun in the process.

# *I chose IB because...*

## **Ananya Subramaniam– Class of 2023**

I chose IB because I was extremely interested in their global perspective to education. The IB's focus on self-reflection, open-mindedness, and inquisition in research was something that I really was looking forward to, and it has really helped me to become a more understanding individual about the world around me.

# *IB has taught me...*

IB has taught me to be diligent  
in my studies and help others.  
IB has encouraged me to think  
outside of the box.

# IBereal

# *I chose IB because...*

## **Kaleb Abouelghar – *Class of 2023***

I chose Ib because it gave me the opportunity to challenge my self. Also having small classes meant life long friends and camaraderie.

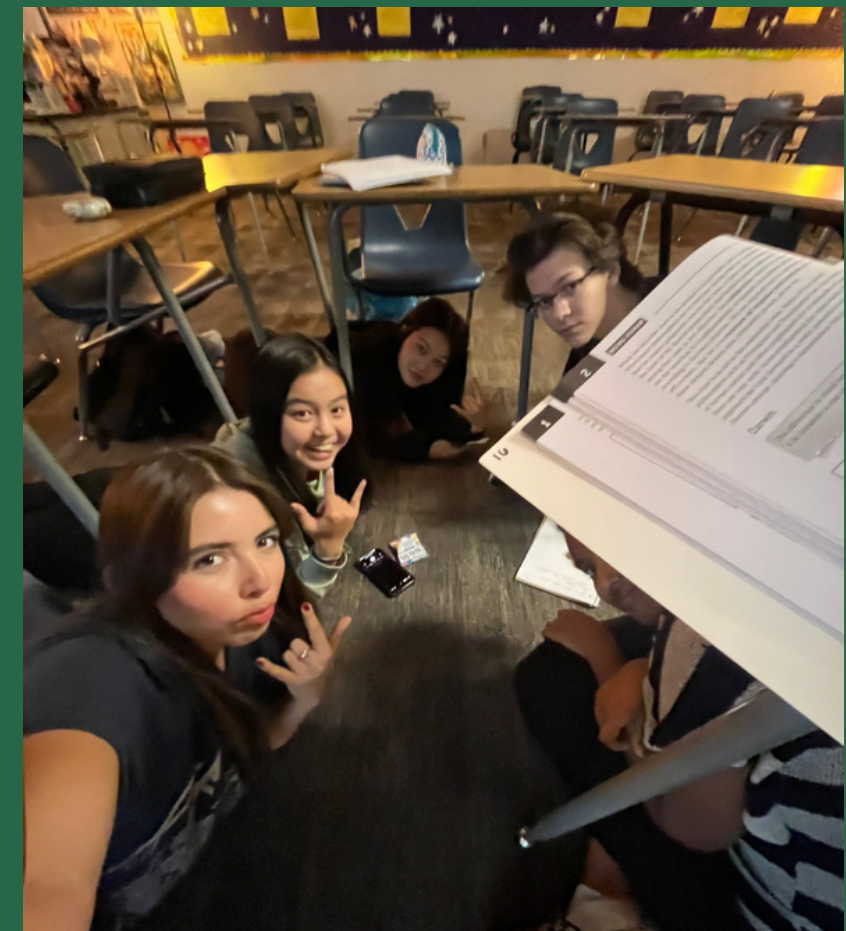

# *IB has taught me...*

## **Keile Leong- Class of 2024**

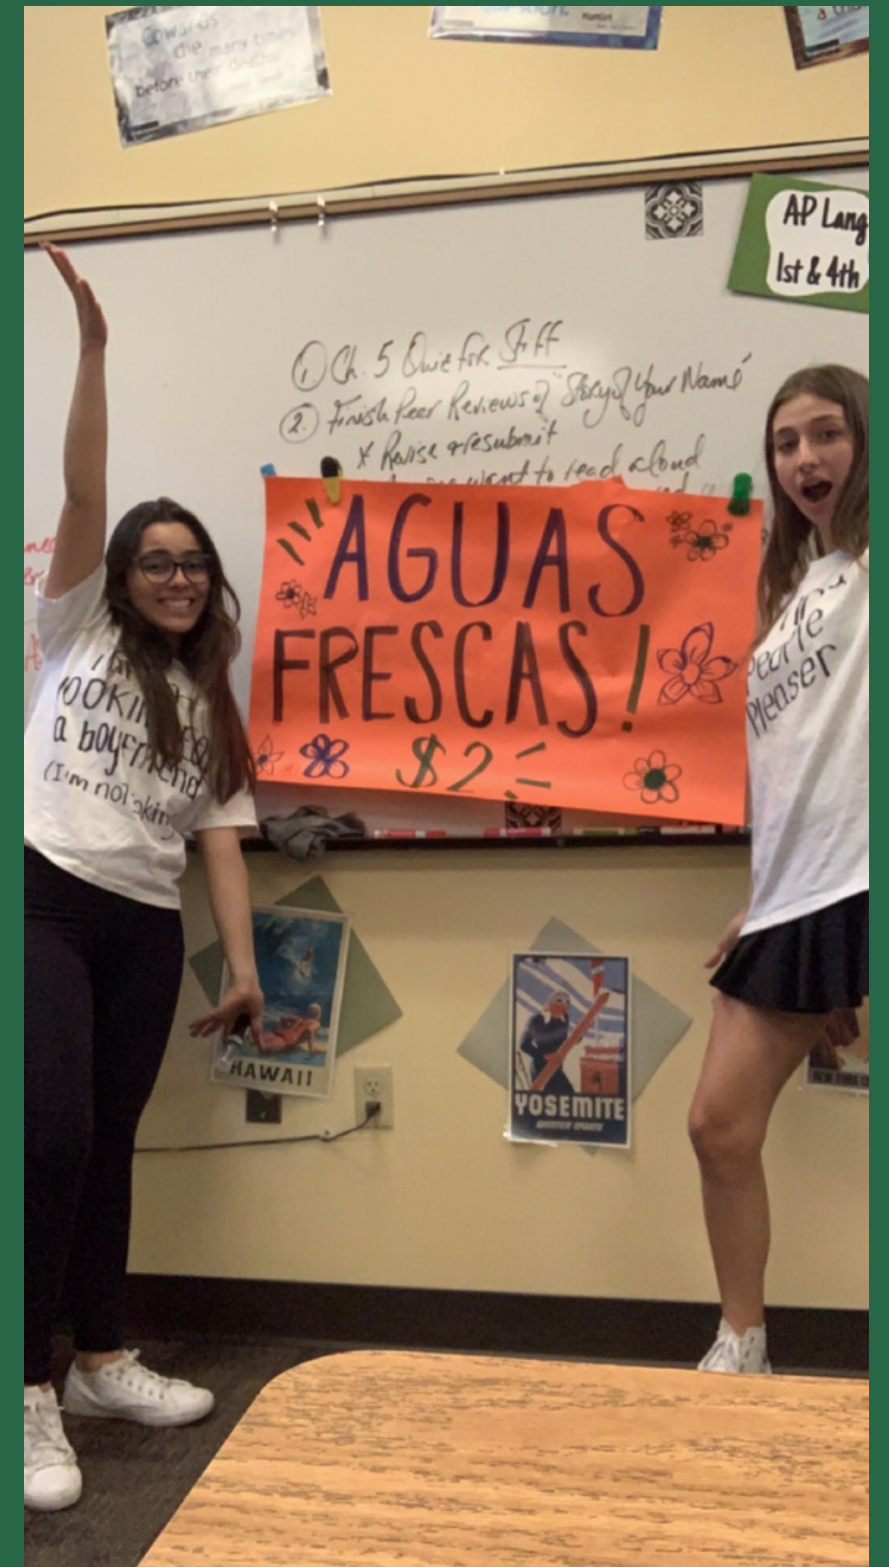

IB has taught me so many important life skills. As a person who is typically used to getting all A's, IB has made me learn to, not accept bad grades, but to be okay to not always be perfect as this is such a rigorous program! Further, IB gave me the chance to learn about my study habits and create the BEST friendships!

# *I chose IB because...*

## **Aniah Collins– Class of 2024**

"i did IB because i wanted to challenge myself and also grow as a learner and person in general in a way that would prepare me for college and give me an advantage"

# *IB has taught me...*

I think I've learned how to examine things from more than one angle and truly take in information in depth and apply it in more ways than one. Also better time management and discipline.
