3.0 New Items

3.1 Personnel update

Mr. Roberts explained that the school's Site Based Technician had accepted another position within the school district and would be leaving to take that new job. Mr. Roberts also explained that this was a big hit to the school as Mr. Daniels, the SBT is very good at his job and is well respected by the staff.

3.2 School Performance Plan update

Mr. Roberts explained that the School Performance Plan had been submitted to the district for this year and had been approved. This plan continues the goals/action steps from the previous year as the previous goals had not yet been met. Mr. Roberts also explained that the goals would likely remain the same for next year for the same reason. One of the goals is provide a 1:1 environment regarding technology and the completion of that initiative is likely at least another year away.

3.3 Strategic Budget update

Mr. Roberts explained that the school was still waiting on its 2nd allotment of funds from the Strategic Budget. Typically the 2nd allotment comes in late October or early November, although last year the money did arrive in December.

3.4 SB178 update

Mr. Roberts explained that the district did approve its revision of the SB178 plan due to the fact that the school had to surplus the support staff position which had been responsible for supervising the credit recovery program in the tech lab. The lab will now be supervised by teachers selling their prep periods.
